DETAILED ACTION

Reissue Application

The indicated allowability of claims 1-19 is withdrawn in view of defect(s) in the reissue oath filed on **02/21/2007**. See the following examiner's action.

The oath filed **02/21/2007** is defective. The oath filed **02/21/2007** did not provide proper intervention by the legal representative for Ronald John Shimek, deceased. Legal representative needs to execute an **SB51 & SB02LR** to provide proper intervention in compliance with 37 CFR 1.42 & 37 CFR 1.64. Applicant's attention is directed to 37 CFR 1.64(b) which sets out the requirements for a person making the oath or declaration or any supplemental oath or declaration is not the inventor.

1.64 Person making oath or declaration.

(a) The oath or declaration (§ 1.63), including any supplemental oath or declaration (§ 1.67), must be made by all of the actual inventors except as provided for in §§ 1.42, 1.43, 1.47, or § 1.67.

(b) If the person making the oath or declaration or any supplemental oath or declaration is **not the inventor** (§ 1.42, 1.43, 1.47, or § 1.67), the oath or declaration shall **state the relationship of the person to the inventor**, and, **upon information and belief, the facts which the inventor is required to state**. If the **person signing the oath or declaration is the legal representative** of a deceased inventor, **the oath or declaration shall also state that the person is a legal representative** and the **citizenship, residence, and mailing address** of the legal representative.

The oath for Ronald John Shimek filed **02/21/2007** is defective since it does not associate the information of Ronald John Shimek with the statements made therein, and does not comply with all of the requirements of 1.64(b). The oath should include information for the applicant, and the name of the inventor Ronald John Shimek should appear in the signature block of the reissue oath along with a parenthetical notation indicating the inventor is deceased (e.g. – “See the following statements made by the legal representative of Ronald John Shimek, deceased”). The appropriate information and signature of the legal representative is also required, in accordance with 37 CFR 1.64(b).

Art Unit: 3749

Claims 1-19 are rejected as being based upon a defective reissue oath under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the oath is set forth in the discussion above in this Office action.

Conclusion

See the attached USPTO for, 892 for prior art made of record and not relied upon which is considered pertinent to applicant's disclosure.
